Note to all entrants: It is your responsibility that the machine presented for inspection conforms to the current period/class specific guidelines presented in the current VRRA rulebook in addition to the general machine prep guidelines.

Disclaimer: The Rider/Owner is solely responsible for the preparation, safety, and operation of the above mentioned motorcycle. The technical inspection is only a partial, general inspection for compliance with the VRRA rules and regulations. It is not an inspection for class eligibility, and it does not remove the responsibility of the Rider/Owner for operating and maintaining a safe motorcycle. This technical inspection does not prevent the possibility of an injury or fatality. **Waiver:** By signing this document I agree to hold harmless the VRRA, any & all organizers and/or volunteers of this event for any injury or fatality resulting from the technical inspection of this Sidecar Motorcycle. I also acknowledge the technical inspection of this Sidecar Motorcycle and equipment does not warrant it's suitability under all racing conditions, and that it is my responsibility to periodically check over and maintain this machine throughout the above signed event.
