The technical inspection is only a partial, general inspection for compliance with the VRRA Rules and Procedures. It is not an inspection for class eligibility, and it does not remove the responsibility of the Rider/Owner for operating and maintaining a safe motorcycle. This technical inspection does not prevent the possibility of an injury or fatality. Waiver: By signing this document I agree to hold harmless the VRRA, any and all organizers and/or volunteers of this event for any injury or fatality resulting from the technical inspection of this motorcycle. I also acknowledge the technical inspection of this motorcycle and equipment does not warrant its suitability under all racing conditions, and that it is my responsibility to periodically check over and maintain this motorcycle throughout the below signed event.
